

# INTRODUCING THE ALL-NEW 2019 **FORD RANGER**

**PACKAGING GUIDE**

Preproduction vehicles shown throughout. Available early 2019.

# GET READY FOR THE ALL

The all-new 2019 Ranger is here and it's ready for adventure. Backed by Built Ford Tough® DNA, terrain-tackling capability and innovative technology, the new Ranger gives customers the freedom to leave civilization far behind — and push the boundaries of adventure.

## WHAT'S INSIDE

# - NEW RANGER

## A NEW AUDIENCE

The all-new Ranger will appeal to a new generation of customers. They seek the well-earned freedom to recharge, doing what they love, and the Built Ford Tough® Ranger is the vehicle to take them on their adventure. These customers:

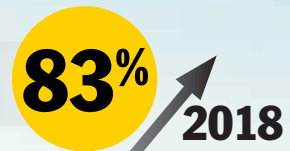

- Look at free time as an opportunity to engage in fun and physical challenges
- Strive to succeed no matter what the odds
- Follow a personal vision of what it means to live life to the fullest
- See an adventure as a time to recharge, by doing what is loved – and that means being active

## THE RIGHT TRUCK AT THE RIGHT TIME

As consumer demand for pickups and crossovers continues to grow, the all-new Ranger comes to the Midsize Pickup segment more than ready to take on its competitors – the Toyota Tacoma and Chevy Colorado. It brings with it Built Ford Tough ruggedness, a proven powertrain and purposeful technologies.

Consider these facts:

➤ *The Midsize Pickup segment has grown 83% since 2014*

2014

➤ *Toyota Tacoma leads the segment with a 40-50% market share*

➤ *Chevy Colorado captures around 20% market share*

# BUILT FORD TOUGH® DNA

What does it mean to be Built Ford Tough? It means the all-new Ranger is subjected to the same level of grueling Ford Truck testing while also being tortured along rugged terrain in the Australian Outback. It's all to make certain Ranger is up to the Built Ford Tough standards customers rely on to confidently tackle the roughest terrain and come out on top.

Ranger quality is rooted in Built Ford Tough with features such as:

- Body-on-frame construction
- Fully boxed, high-strength steel frame with 6 crossmembers
- Frame-mounted, steel front and rear bumpers
- Frame-mounted front tow hooks
- Impressive payload capacity
- Powerful towing capability

Check out the "2019 Ranger: Tough Tested for Adventure" video on Ford Tube. Your customers can see the video on [Media.Ford.com](http://Media.Ford.com).

# POWER **AND** EFFICIENCY

Taking the road less traveled requires a capable powertrain. That's why Ranger is equipped with the power of the proven 2.3L EcoBoost® I-4 engine paired with an advanced 10-speed automatic transmission to help take on just about any adventure.

The 2.3L EcoBoost I-4 engine features:

- Auto Start-Stop Technology
- A broad, flat torque curve with maximum torque throughout the engine rpm range for sustained acceleration
- Direct-injection
- Twin independent variable camshaft timing (Ti-VCT)

The 10-speed automatic transmission with SelectShift® capability features:

- Engine rpm-matching on coast-down shifts for a seamless transition to lower gears
- Progressive Range Select
- Real-time adaptive shift schedule for the right gear at the right time
- SelectShift manual mode capability
- Tow/haul mode

# ADVENTURE – ON- AND OFF-ROAD

Ranger is ready for adventure, geared-up with trail-ready features. That includes the FX4 Off-Road Package, Trail Control™ to enhance off-road climbing and descending performance and the Terrain Management System™ (TMS) with 4 selectable modes.

Ranger off-road capability features include:

- An exceptional 8.9 inches of 4x4 ground clearance
- **FX4 Off-Road Package**<sup>(1)</sup> available on all 4x4 models:

#### Key Features

- Electronic-locking rear differential
- Heavy-duty front skid plate, and skid plates for the front differential, transfer case and fuel tank
- Heavy-gauge steel front bash plate
- Off-road-tuned suspension
- Terrain Management System with 4 selectable drive modes
- Trail Control

#### Additional Features

- 17" (XL, XLT)/18" (Lariat) off-road OWL tires
- Exposed front tow hooks (2)
- Front air dam deleted
- "FX4 Off-Road" box-side decal
- Off-road productivity screen

## TRAIL CONTROL

- Operates as a cruise control for low-speed, off-road use over uneven and rugged terrain, automatically managing vehicle acceleration and braking
- Allows the driver to set a vehicle speed ranging from 1 mph up to 20 mph (in 1 mph increments) depending on transfer case setting
- Operates in Drive (D), Neutral (N) or Reverse (R)
- Enables the driver to focus on steering over the terrain

(1) Requires STX Appearance Package on XL.

2019

R A N G E R

## TERRAIN MANAGEMENT SYSTEM™

This available feature with driver-selectable modes is designed to enhance the driving dynamics of the shift-on-the-fly 4x4 system in a variety of road/trail surface conditions.

- A rotary control on the center console enables the driver to select from 4 drive modes:
  - Normal
  - Grass/Gravel/Snow
  - Mud/Ruts
  - Sand
- Each mode has specific program settings for the throttle response and transmission shift points
- The system also automatically adjusts the AdvanceTrac® settings to best suit the off-road surface

## TOWING

Impressive capabilities let Ranger customers tow or haul the gear they need without breaking a sweat. Key standard features include:

- Rear bumper hitch ball mounting provision
- Rear view camera with dynamic hitch assist
- Trailer sway control
- Two front tow hooks (standard on all 4x4 models)

### Available towing features:

- BLIS® (Blind Spot Information System) with cross-traffic alert and trailer coverage
- Smart Trailer Tow Connector
- Trailer Tow Package with 4-/7-pin wiring harness, and Class IV hitch receiver

# INNOVATIVE TECHNOLOGY

Ranger is as smart as it is capable, offering technology to keep active customers connected, like available 4G LTE modem with Wi-Fi, smart-charging USB ports and SYNC® 3<sup>(1)</sup> with an 8-inch LCD color center stack touchscreen.

## AVAILABLE TECHNOLOGY FEATURES INCLUDE:

- 110-volt/150-watt AC power outlet
- Adaptive cruise control
- B&O PLAY™ Premium Audio System by HARMAN (SuperCrew® only)

- Ford Co-Pilot360™
  - Automatic high-beam headlamps
  - BLIS® (Blind Spot Information System) with cross-traffic alert and trailer coverage
  - Lane-Keeping System

- FordPass™ Connect 4G LTE modem with Wi-Fi connectivity for up to 10 devices<sup>(2)</sup>

- Forward and Reverse Sensing Systems
- HD Radio™

- Intelligent Access with push-button start
- LED headlamps, center high-mounted stop lamp (CHMSL) and taillamps
- Remote Start System
- SiriusXM® Radio
- Smart-charging USB ports – 2
- Smart Trailer Tow Connector
- SYNC® with 4.2-inch center stack screen
- SYNC 3 with 8-inch LCD color center stack touchscreen
- Voice-Activated Touchscreen Navigation System

Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android Auto is a trademark of Google Inc.

B&O PLAY is a trademark of HARMAN International Industries, registered in the United States and other countries.

Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

## STANDARD DRIVER-ASSIST TECHNOLOGY FEATURES INCLUDE:

- Individual Tire Pressure Monitoring System (TPMS)
- Pre-Collision Assist with Automatic Emergency Braking (includes Pedestrian Detection and Forward Collision Warning)
- Rear view camera

## SYNC 3

Stay connected, entertained and informed with available SYNC 3<sup>(1)</sup> that features:

- 8-inch LCD color center stack touchscreen
- Apple CarPlay™ and Android Auto™ compatibility<sup>(3)</sup>
- Voice-Activated Touchscreen Navigation System

- 1) Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.
- 2) FordPass Connect includes complimentary 1-year subscription for remote features excluding Wi-Fi hotspot, and starts with vehicle sale date. Subscription is subject to compatible 4G network availability. Evolving technology/cellular networks may affect future functionality. Certain restrictions, 3rd-party terms, or message/data rates may apply. Wi-Fi hotspot includes complimentary wireless data trial that begins upon AT&T activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first.
- 3) Requires phone with active data service and compatible software. SYNC 3 does not control 3rd-party products while in use. 3rd Parties are solely responsible for their respective functionality.

# DESIGN/STYLING

The bold exterior styling of Ranger is built upon its strong foundation and is accentuated by a twin power dome hood and aggressive stance that command attention.

Further enhancing this rugged-looking ride are these styling cues:

- High beltline that conveys an athletic stance
- Individual grille appearance, fender vent badges and wheel designs distinguish each trim level
- A raked grille and windshield for a sleek appearance, aerodynamics and low wind noise
- Short front and rear overhangs for off-road capability
- A tailgate boldly stamped with “RANGER” nameplate

# PACKAGE OVERVIEW
